BP America, Inc. Audit Report,  
January 2010*

## GLOBAL GEOPHYSICAL SERVICES

### HEALTH, SAFETY, ENVIRONMENT & QUALITY

Our corporate goals and a true HSE and Quality culture are achieved through visible management commitment and the rigorous implementation of our HSEQ Management System (see back) and policies. Global's goals in all operations and activities are:

- Zero losses
- No harm to people
- No damage to the environment
- Zero service quality incidents

### CORPORATE & SOCIAL RESPONSIBILITY

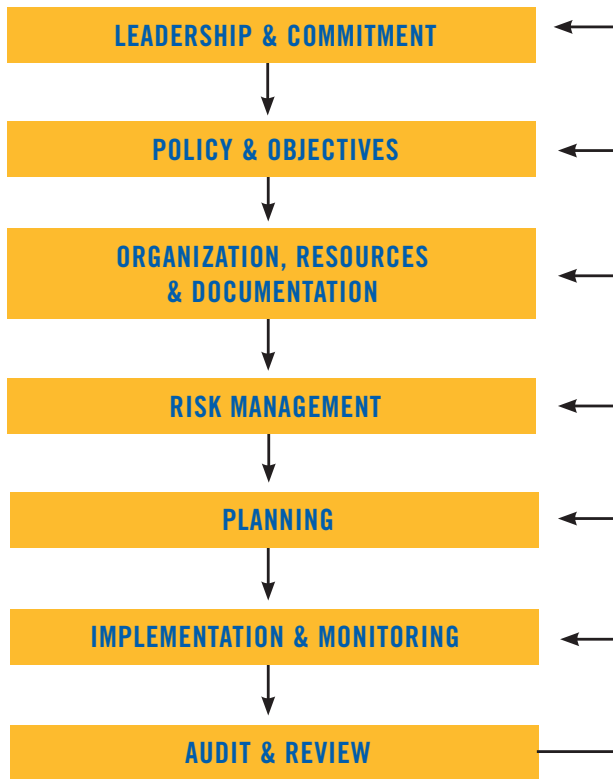

Global's continued success and growth is based on a strong commitment to developing and fostering relationships in the countries and communities in which we work. The following objectives are communicated at all levels of our operations to help ensure that our employees conduct activities in a socially responsible manner:

- Treat all stakeholders associated with our operations fairly, respecting cultural, national and religious diversity
- Exhibit a positive social impact by minimizing our environmental impact
- Work with our clients, local communities, and government agencies to promote sustainable welfare initiatives

# HSEQ GOALS & COMMITMENT AIM FOR ZERO

## HSEQ MANAGEMENT SYSTEM

- Developed in conjunction with GSR
- Conforms to OGGP & IAGC guidelines & OSHA standards
- Web-based and interactive
- Instant sharing of HSE information company-wide
- Reduces workload for field staff
- Client access for project monitoring
- Simple document control process for effective management of revisions & updates
